BAD BOY MOWERS
BAD BOY MOWERS

BAD BOY MOWERS

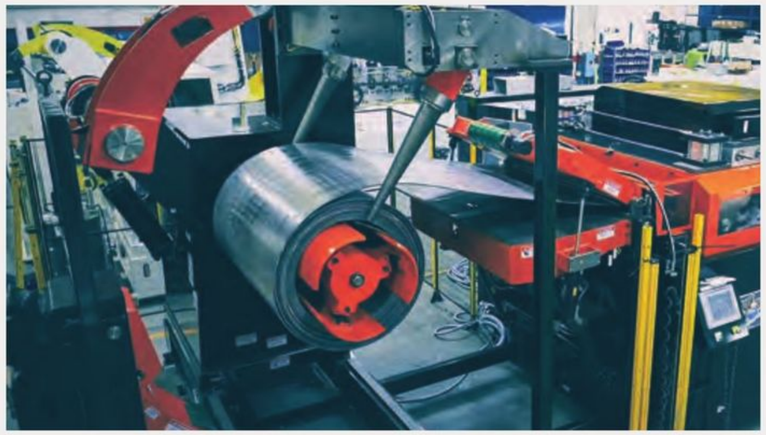
Welcome to

BAD BOY COUNTRY

IT TAKES BRAINS AND BRAWN TO BUILD A MOWER THIS RUGGEDLY EFFICIENT.

By relentlessly and methodically driving out inefficiencies in our mowers and the process we've developed to build them, we've been the smart choice from the very beginning. Every mower we build starts with an order from your dealer. Once entered, a whole chain of events begin to take place, beginning with the serial number attached to a frame. From there, the mower is scanned and tracked completely through

our internally-created computer software. Any components for assembly are prepared and stocked accordingly as the mower moves down our assembly lines. Our integrated companion shipping program is already slotting a spot on one of our custom shipping trailers, adjusting the lines in order to stock full trailer loads faster. Everyone from fabrication and welding to assembly and inspection has a say-so in the process of designing and building our mowers. So while Bad Boy Mowers may be rugged, simple to operate and even easier to maintain, there's plenty of home grown smarts that go into making them that way.

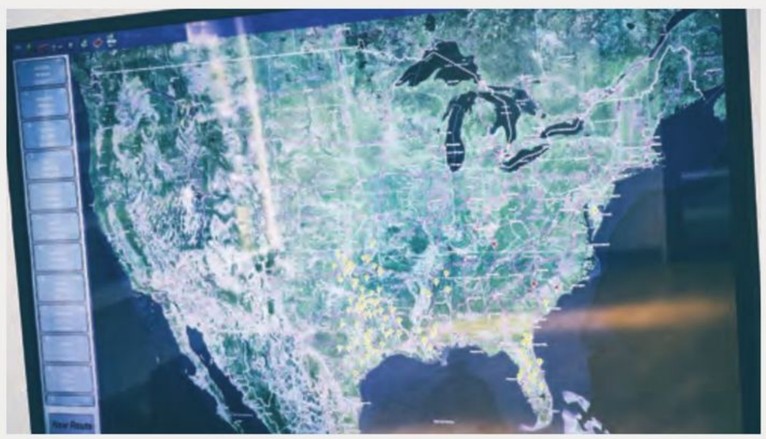


THINKING BIG. IT'S HOW WE ROLL. Unique to Bad Boy is our own rolled steel leveling system and sheet cutting plant. Buying steel rolls directly from mills, in bulk, allows us to control costs and pass those savings on to you. It's a big reason we're the best dollar-for-dollar value in the zero-turn mower industry.

WE'RE TECHNOLOGY GEEKS. Nobody deploys more technology and robotic power in manufacturing than us. Between our robotic laser cutters turning out 20,000 lbs. of steel per day, and our one-of-a-kind deck bender man handling 120,000 lbs., we bend, cut and shape more than 32 million lbs. of steel per year.

WE MAXIMIZE MAN AND MACHINE. Relying on the craftsmanship of 40 welders per shift, they work alongside the finest robot welders, capable of producing more than 500 machines every single day. Our array of advanced laser cutters are capable of cutting out a complete deck in three minutes, and a frame in four.

OUR PAINT LINE IS 2X BIGGER. We maintain two of the most sophisticated powder-coat lines in ANY industry, and the largest in our state by double. These systems fuse our orange color right into the steel, for durable, long-lasting protection. These systems run virtually day and night to keep up with demand.



TOUCH AND GO MOWER SHIPPING is at our fingertips. Our integrated software, developed in-house, automatically loads our trailers for the most efficient delivery routes for our drivers. This software has saved us millions in fuel costs over the last few years, and gets your mower to you faster.

SHIPS OUT, READY TO MOW. No stock boy assembly required. With our customized shipping trailers, (built ourselves, too) we drive them up on two levels and they're ready to mow as soon as we drive them off. It's the last step in the process of controlling our costs so we can deliver you more value.

FEATURE RICH AND VALUE PACKED, SO YOU CAN MOW LIKE THE PRO YOU ARE.

Every Bad Boy shares the same heavy-duty, last-a-lifetime construction. Our reputation rests on our all-steel 'heavier-duty than they have to be' cut and welded rails. And before any mower leaves our plant, it goes through our 112 point factory inspection. It takes longer to build a mower like ours than to stamp one out, but it's the only way to guarantee that we won't just out-mow the competition, we'll outlast it as well.

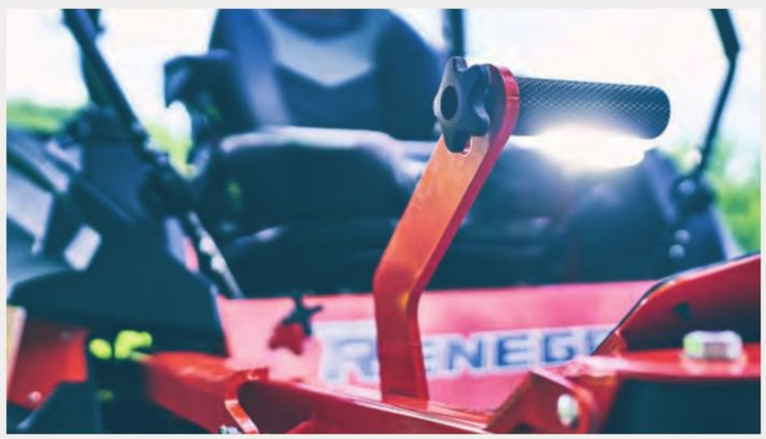
It takes a lot of ingenuity to keep a mower this easy to maintain. Every part is within easy reach for servicing and clean-up. And since we couldn't think of a worse environment you'd want to put overly sensitive electronics, gadgets, gimmicks and doohickeys than a commercial lawn cutting environment, you won't find any of it on a Bad Boy. What you will find are innovations in cut quality, comfort and power. Even under the toughest mowing conditions, a Bad Boy Mower will perform better, keep you more comfortable for longer and last for more seasons—providing an even greater value over time. It's not complicated to understand why we're the fastest growing zero-turn mower company on the planet—we're simply a better built mower.

THE GUTS TO HANDLE ANY CONDITION. Better belts and pulleys are at the heart of all the action. They're essential to maintaining cut quality, even when you're powering through wet, thick or tall grass. Our heavy-duty, self-lubricated and maintenance-free spindles are ready to grind out a great cut—season after season.

POWERED TO PERFORM. High-performance and speed are in our blood. With the best line-up of engine manufacturers and a wide range of horsepower options across every mower in our lineup, you're all powered up to out-perform. Every engine is paired with the perfect Hydro-Gear® drive system for optimum performance.

MAINTAIN A COMFORTABLE ADVANTAGE. Our best in class seats are like 'mowing from an easy chair.' Most models feature high-back seat support and arm rests. Adjustable from front-to-back for the perfect fit, you can be sure there's no more comfortable way to harness the power of your Bad Boy Mower.

CONTROL NEVER LOOKED SO GOOD. We're easier to operate because we keep everything simple and accessible right at your fingertips. Adjusting the deck height to engaging the blades, everything is controlled from the tops of our high-capacity fuel tanks. Features deep storage and a cup holder for your favorite beverage.



PUT THE PEDAL TO THE METAL. Lock your deck into exactly the height you want with our Deck-Dial cutting height adjustment system. Push the pedal, which can be placed on either side of the deck for your convenience, and dial in your desired cutting height. Even works in combination with electric deck lift models.

LEGENDARY DECK STRENGTH. With its unmatched strength and solid all-welded steel construction as a start, we weld an additional skirt along the leading edge. Our improved baffling systems create more lift for greater discharge and cleaner cut. No matter your model, we blow all other mower decks away.

BAD BOY MOWERS

INNOVATION DRIVES THE DIFFERENCE.

We jumped right out of the gate with industry-changing patented features with our very first mower—and we haven't let up since. From concept to your dealer's floor, we've set out—as we always have—to build the very best zero-turn mower your hard-earned money can buy. And we never stop working to make them even better. Nobody delivers more, or advances the industry more, than Bad Boy Mowers. And with us, you'll always Mow with an Attitude.

SLOPED FRONT EDGE DECK DESIGN. Known for our legendary deck strength, we've upped the bar with a 1/4″ thick deck with 3/8″ thick sides. The new sloped nose features a front chamber that allows the grass to stand upright before coming into contact with the cutting blades for a more efficient, precise cut. Anti-scalping wheels are double bracketed and even stronger. STANDARD ON ALL OUTLAW CLASS MOWERS.

INNOVATION FRONT AND CENTER ON OUR OUTLAWS. It all starts with the new, stronger Cast iBeam Front Bar and Forks—the strongest in the industry. The Adjustable Foot Rest is an industry first that allows a perfect sitting posture no matter the operator's size. The Deck Lift Pedal can be changed for left or right operation and locked into place with a quick twist of our Deck Dial lift knob. STANDARD ON ALL OUTLAW CLASS MOWERS.

NOBODY WORKS HARDER TO MAKE MOWING EASIER.

PATENT-PENDING 3-LINK TRAILING ARM SUSPENSION SYSTEM

Our improved EZ-Ride® GEN 2 Suspension is a first for any zero-turn mower. Developed from legendary off-road suspension systems, this revolutionary system provides for a smoother ride, more consistent tire contact and also provides increased traction as well as increased hillside stability. Combined with our all new patented independent cast front iBeam suspension rails, there's just nothing else like it, and only available on a Bad Boy. FEATURED ON RENEGADES AND ROGUE.

THE SMART MONEY SAYS TO KEEP IT SIMPLE.
It takes a lot of ingenuity to keep a mower this easy to maintain. Everything is easy to get to for regular cleaning and servicing. We know our owners take as much pride in the tools they use as the properties they mow and maintain. Bad Boy Mowers are simply built to make owning one as easy as driving one, without sacrificing a single ounce of performance or cut quality.

COMFORT SEATS ACROSS THE ENTIRE LINE.
Available on our Renegade (and an upgrade for other models) our top-of-the-line Suspension Seat is fully adjustable to operator weight, height and has variable rate suspension, lumbar support and back angle adjustments from 5° to 15°. The seats available on every Bad Boy are best in class, no matter what model you settle on. So whether you're a weekend warrior or every day pro, you'll sit right with us.

GET STARTED RIGHT AWAY. Control is key for every Bad Boy. Our gasoline powered Renegade features keyless start and a digital display. With the key FOB inserted, simply push the button and you're off! The digital display provides diagnostics on the health of the mower and how much cutting time is generated separate from the overall running time the mower is recording. All mowers feature handy electric blade start and throttle controls.

WE MAKE IT EVEN EASIER FOR OUR MOWERS TO WORK EVEN HARDER.

DUAL PUMP BELTS WITH ADVANCED TENSIONER DESIGN

This automotive inspired dual pump belt system with our new tensioner design will provide a belt life up to 50% longer! By evenly distributing and reducing the load on the crank shaft between pump drives and deck belt operation, there's much less wear and tear on the engine, drives, pulleys and belts. Quickly accessible with our new easy drop-down back plate, you'll only find it on our top-of-the-line Renegades because lawncare pros demand bottom-line results.

STAND OUT PERFORMANCE FROM A REVOLUTIONARY STAND ON MOWER.

Improved in every way and featuring improved performance, operator ease-of-use and durability. Visibility is improved with new, shorter frame and curved iBeam front fork support. Rear tires are larger and the fuel tank is now located in the center of the machine, with operator standing between rear tires, resulting in a lower center of gravity. It makes the Revolt one of the most maneuverable and balanced Stand-On's around.

BAD BOY COUNTRY

POWER and INNOVATION

Dual High-Performance Hydro-Gear Integrated Drive Systems for reliable, self-contained power and performance. Curved iBeam front rail and steel 3/8″ front forks and 3 1/8″ trail for smooth directional changes. More compact than most Stand-On's, the Revolt is shorter in length for better in and around cutting. Patented Dual Deck Support Isolators, paired with deck wear pads, minimizes damage from any side impact.

STRENGTH and CUT QUALITY

Heavy-gauge, all-steel, all-welded and fabricated 1.5″ x 3″ frame rail provides the backbone for years of durable service. A three-position speed control provides smoother operation in the tightest of spaces. The quick-access panel to the deck and drive belts, with the flip-up thigh pad revealing the battery, control arms and hydro tanks, makes the Revolt the easiest to service in the industry. Features a sloped 7 gauge steel deck with reinforced 3/8″ sides. Larger rear tires provide excellent grip and traction.

CONTROL and COMFORT

Our adjustable rubber suspension riding platform absorbs vibrations normally passed along to the rider's knees and joints and the soft, ergonomic thigh pad accommodates operators of all heights and provides all day mowing comfort. The Revolt can get you into even tighter spaces with smaller 36″ or 48″ deck cutting widths available.

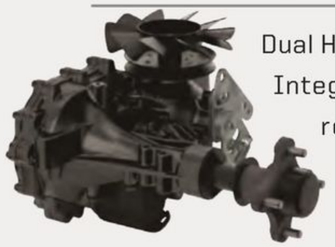
PRO PERFORMANCE THAT FITS IN ALL THE RIGHT, TIGHT SPACES.

Classic Outlaw construction and narrow edge-to-discharge width makes our popular compact zero-turn slip into areas that might otherwise be too tight to get to. Featuring many of our classic Outlaw advantages and available with a gate-entering 42″deck or slightly larger 48″ deck, this mower, with narrower rear wheels, can get in and out of most anywhere, leaving behind a great cut like only a Bad Boy can.

BAD BOY COUNTRY

POWER and INNOVATION



Dual High-Performance Hydro-Gear 3400 Integrated Drive System provides for reliable, self-contained power and performance. Classic curved front 2″ x 2″ steel rail support steel 1/2″ front forks that leads the industry in strength and durability. Available in two engine options and two deck sizes that squeeze you into almost anywhere.

STRENGTH and CUT QUALITY

Heavy-gauge, all-steel, all-welded and fabricated 2″ x 2″ frame rail provides the backbone for the commercial duty Compact Outlaw. Patented Dual Deck Support Isolators helps minimize damage from side impacts. The solid steel, 7-gauge formed and welded deck with reinforced 3/8″ sides features an improved baffling system that provides greater grass lifting power for an even cleaner cut. And all of this is packed on a lower profile frame that improves stability on inclines and uneven turf.

CONTROL and COMFORT

Smoother steering and tighter, more precise controls start with our steering dampening system. Even the steering arms are adjustable for an exact operator fit. Our premium Comfort Seat with padded arm rests is fully adjustable and cushioned with side and upper back support for day long performance comfort. Our unique Deck Lift Pedal can be changed to either side and allows the deck to be locked in place with a quick twist of our Deck Lift Dial. So even though it may be our most compact zero-turn, it's still big on classic Bad Boy performance.

THE WALK-BEHIND THAT RUNS AHEAD OF THE COMPETITION.

This versatile and agile performer is great for get-on and get-off mowing jobs. The no-nonsense, heavy-duty construction and powerful engines are Bad Boy Mower traits through-and-through and will provide years of service in the field. The walk-behind is just another example of Bad Boy not only building a better mower in this class, but driving innovation forward for the whole industry.

BAD BOY COUNTRY

POWER and INNOVATION

The Dual High-Performance Hydro-Gear Integrated Drive System provides for reliable, self-contained power and performance. Drives are protected by skid plates from curbs or other obstructions. The brake, engage, electric blade start and control levers are all right together on the control bar. Our unique central lock–locking both transmissions in a single action for ensuring a straight cut–is a Bad Boy exclusive!

STRENGTH and CUT QUALITY

The heavy-duty, all-steel frame and deck are exactly what you expect from Bad Boy. The deck locks into a consistent cut height with our pull pin system. Handles on deck assists while making any adjustments. The front and rear tires are the largest of any other in this class and makes for better traction and stability, for an even cleaner more manicured cut.

CONTROL and COMFORT

Our single lever 'rider presence' switch offers safety and convenience to the operator. Paired with the optional Sulky, you'll be even more comfortable. This Sulky is so unique, it's patented. The single rear wheel features our EZ-Ride™ technology for smooth, vibration absorbing performance. Adjustable two-position podium height for either walking or riding with sulky.

WHEN PUSH COMES TO SHOVE, THERE'S JUST NO BETTER PUSH MOWER.

There's no substitute for dependability and durability. That's why our push mowers are simple to maintain and built to withstand grueling day-in and day-out commercial mowing duties. Self-propelled rear wheel drive, easy to detach rear baggers, heavy-gauge steel decks with reinforced edges, sturdy push bars and solid, dense rubber wheels combine to deliver the strength to stand up to the most demanding commercial use.

BAD BOY COUNTRY

Welcome to

POWER and INNOVATION

The patented, proprietary two-speed, heavy-duty transmission is built tougher with oversized gears and with needle and ball bearings throughout. The Blade Spindle assembly is built stronger with a forged spindle shaft for optimum strength and a die cast aluminum housing that dissipates heat faster. The powerful professional-class engine starts quickly and is always up to the task of all day mulching and mowing, and at speeds up to 5 mph.

179cc

PRICES FROM
$1,099
*Or low APR financing.**

DECK WIDTH
21˝ • 25˝

**Subject to change. Destination and setup charges not included. See your dealer for details.*

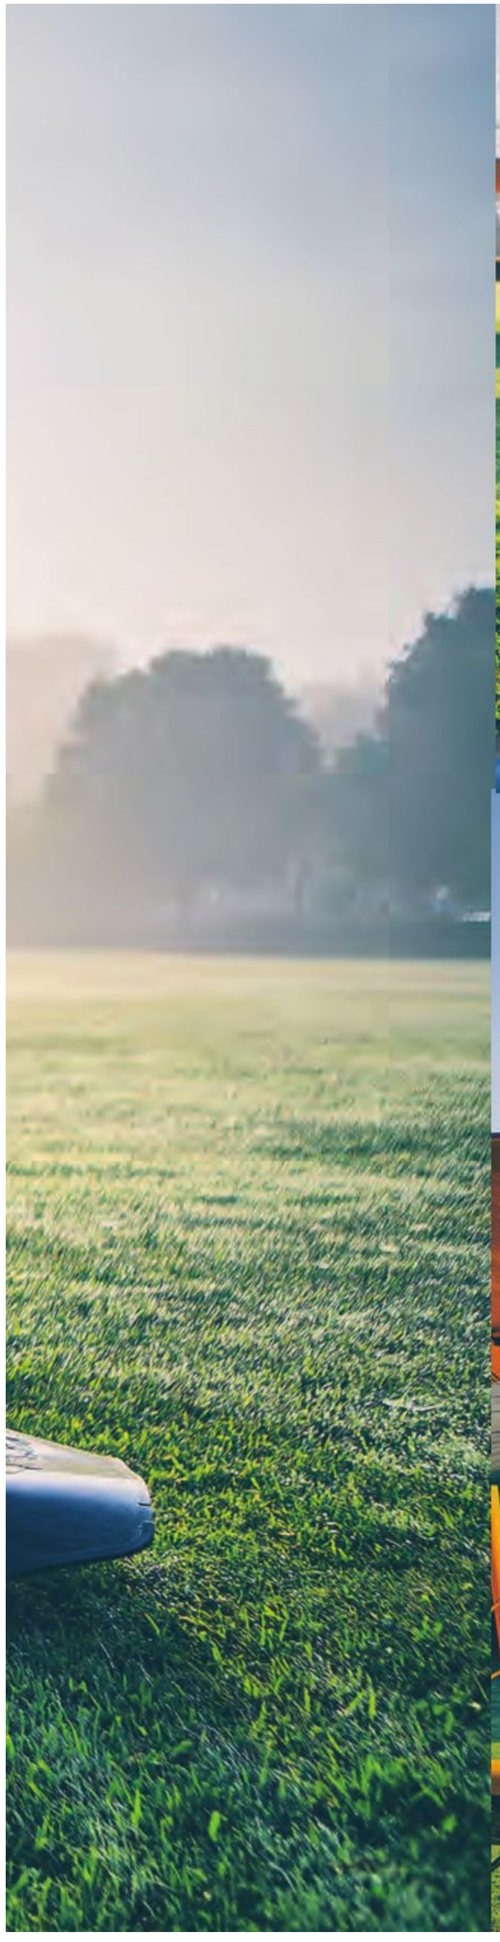
STRENGTH and CUT QUALITY

Heavy-duty, all-steel 14-gauge deck with reinforced edges for longer lasting performance. Our push bars are sturdy and solid and the dense rubber wheels are built for the long haul. The deck slopes upward into the discharge, creating more lift and allowing for a cleaner, sharper cut as clippings are forced into the bagging system. Lifting bars are built-in for easy lifting and transporting, or cleaning the underside of deck. Both models feature large, quick-release rear baggers that simply lift and release for quicker cleanups of clippings.

CONTROL and COMFORT

The self-propelled drive system, with its High-Low gear and rear wheel engage, pulls it's weight around effortlessly. Our handles are adjustable for any size operator and the self-propel engage bar is ergonomically positioned for easy operation. It's the Bad Boy of push mowers and the choice of lawn professionals.

BAD BOY
MOWERS
BAD BOY
HOT



MAVERICK

Welcome to

IT'S ANOTHER SMOOTH MOVE IN BAD BOY INNOVATION FIRSTS.

We created a mower in a class by itself, and a real Maverick. The industry first commercial-grade mower with Integrated Drive System that features our patented EZ-Ride® System. And even better, we brought it to market at a breakthrough price other mower manufacturers thought was impossible. The independent front and rear suspension glides over uneven terrain and puts you in the cockpit of a true Maverick.

BAD BOY COUNTRY

POWER and INNOVATION

Our Patented Front and Rear EZ-Ride® Suspension system mounts powerful high-performance Hydro-Gear 3200 integrated drives on rubber isolators, allowing the drives to independently absorb whatever terrain you're mowing. Isolators on the hinged front wheel arms work independently to provide suspension from the front.

STRENGTH and CUT QUALITY

Built and outfitted commercial-grade tough, but priced perfect for the demanding landowner, the Maverick features strong 2″ x 2″ all steel rail frame for its backbone. Industry-leading 1/2″ steel front forks are a Bad Boy construction hallmark as is the solid steel, all-welded and formed deck. Formed from tough 7-gauge steel with reinforced edges, we've improved the baffling system to maximize greater grass lift for a cleaner cut.

CONTROL and COMFORT

From the comfort of the premium seat, you'll have smoother steering and tighter, more precise control with our steering dampening system, giving you better responsiveness and maneuverability. The adjustable handles and front-to-back seat adjustments makes the Maverick a perfect fit for any operator. With our adjustable, left or right side deck lift pedal, you can easily dial in the perfect deck height for a perfect cut time and time again.

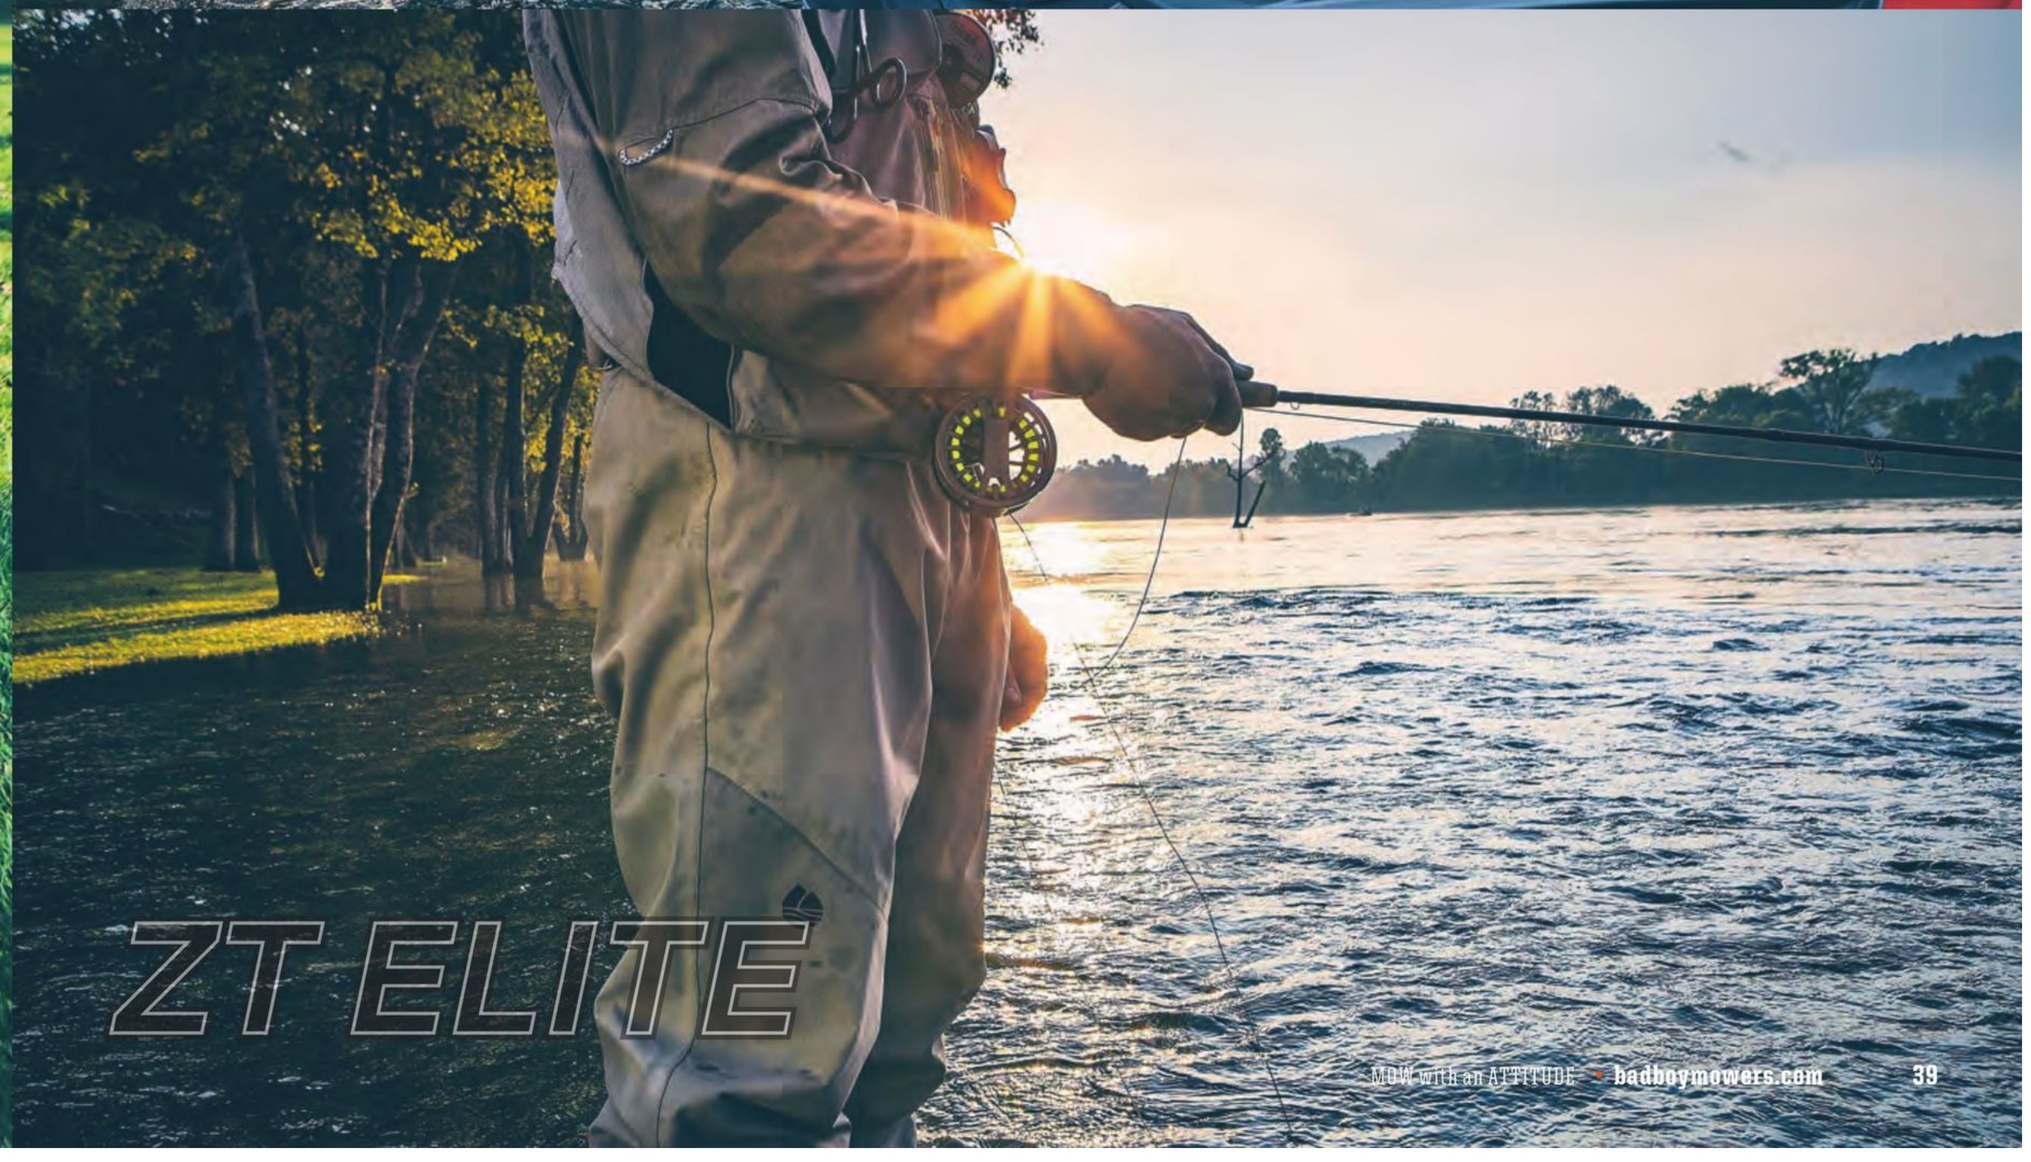
BAD BOY
MOWERS
747cc
ZT ELITE
DANGER



ZT ELITE

THE INDUSTRY STANDARD IS A GREAT CATCH EVERY TIME.

Bad Boy Mowers ZT Elite has been the biggest value in the performance and price honey hole of homeowner class mowers for more than a decade. And we never stop making it better, stronger and more comfortable. It's been our best selling model since the day we introduced it and we encourage you to compare it to any other zero-turn in its price range—or higher. Because there's still no better value for the residential homeowner—anywhere.

BAD BOY COUNTRY

POWER and INNOVATION

Dual High-Performance Hydro-Gear 3100 Integrated Drive Systems for reliable, self-contained power and performance. We pair these powerful drives with higher horsepower-to-class, reliable engines that perform year after year, season after season. It's power and performance at an unbeatable value.

STRENGTH and CUT QUALITY

Built and priced to own the demanding residential landowner market, the ZT Elite features strong 2″ x 2″ all steel rail frame for its backbone. Industry-leading 3/8″ steel front forks are a Bad Boy construction hallmark as is the solid steel, all-welded deck. Formed from tough 7-gauge steel with reinforced edges, the unique baffling system maximizes airflow for greater grass lift and a cleaner cut. And it all rides on a lower center of gravity for better traction.

CONTROL and COMFORT

Our cushioned comfort seat features padded arm rests for a relaxed operating posture. Steering is tighter and smoother with our steering dampening system for better response and maneuverability. With our adjustable, left or right side deck lift pedal, you can easily dial in the perfect deck height for a perfect cut time and time again. Then we top it off with class-leading fuel capacity–6.5 gallons– and lots of deep storage, plus a cup holder for your favorite mowing beverage.

THERE'S VALUE ALL AROUND IN THE NEWEST ADDITION TO OUR ZT FAMILY.

We've taken the most popular model mower we make and created the best value available for the residential homeowner. The ZT Avenger sports the same build quality and durability of every Bad Boy Mower before it and pairs it perfectly with the power and performance you'd expect, with a price you probably wouldn't. It's a one-of-a-kind value when you compare against other mowers at this price. Don't believe us? Just take a step up on the deck.

BAD BOY COUNTRY

POWER and INNOVATION

Dual Hydro-Gear 2800 Integrated Drive Systems for reliable, self-contained power and performance. We pair these drives with a powerful, reliable engine driving your choice of a 54″ or 60″ deck for an unbeatable value.

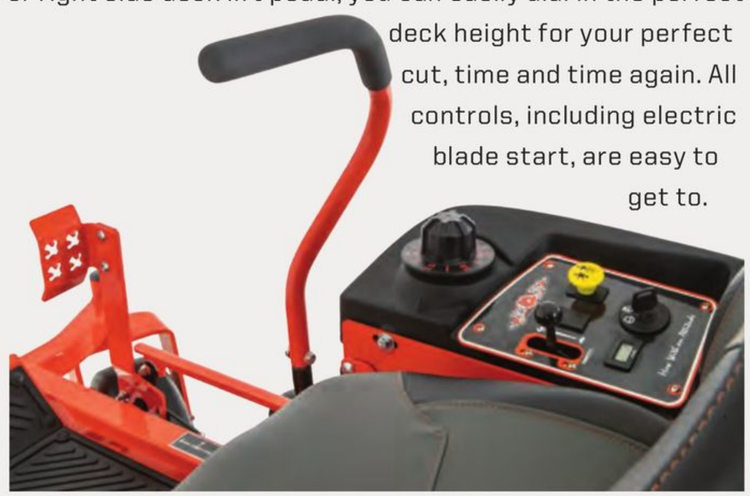
STRENGTH and CUT QUALITY

Built on a strong 2″ x 2″ all steel rail frame for its backbone. We add industry-leading 3/8″ steel front forks—a Bad Boy construction hallmark—and a solid steel, all-welded deck. Formed from tough 7-gauge steel with reinforced edges, the unique baffling system maximizes airflow for greater grass lift and a cleaner cut. And it all rides on a lower center of gravity for better traction.

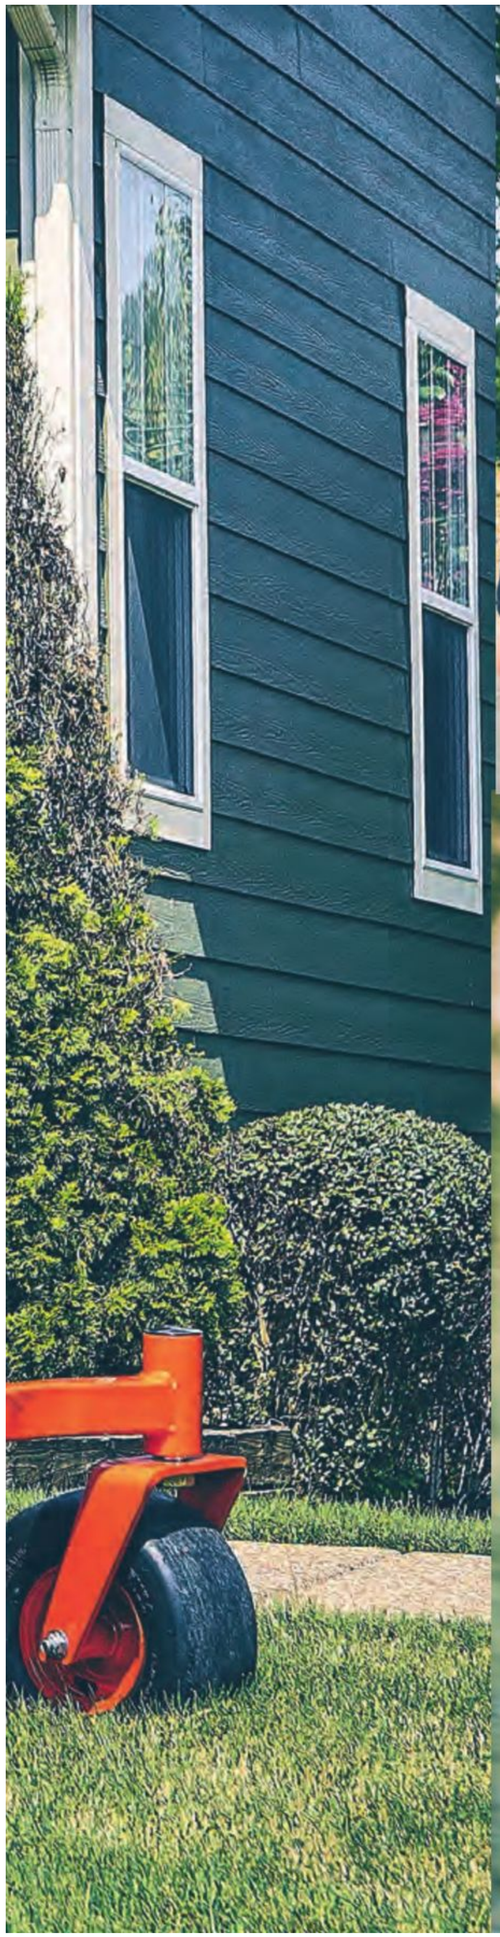
Accessibility and being simple to clean and maintain comes standard. In fact, we simply make owning a Bad Boy as easy as driving one—without sacrificing a single ounce of performance or cut quality.

CONTROL and COMFORT

Our exclusive steering dampening system provides better response and maneuverability and with our adjustable, left or right side deck lift pedal, you can easily dial in the perfect deck height for your perfect cut, time and time again. All controls, including electric blade start, are easy to get to.



BAD BOY
MOWERS
725
DANGER



MZ MAGNUM

DON'T LET THE PRICE FOOL YOU. OUR MZ'S ARE BUILT TO LAST.

Most mowers at this price are stamped from flimsy steel sheets and bolted together. Our MZ Series mowers are built side-by-side and up to the same tough manufacturing standards as our commercial mowers. So if you're looking to step up to the efficiencies of zero-turn mowing, you won't have to step down in build quality, power or performance. It's our 'too-much-fun-to-call-it work' ride, and your 'get-back-to-having-time' machine.

BAD BOY COUNTRY

POWER and INNOVATION and STRENGTH

Dual Integrated Drive Systems provide reliable, self-contained power and performance. Features strong 2″ x 2″ all steel rail frame for its backbone with 3/8″ steel front forks. The solid steel, all-welded deck, formed from tough 7-gauge steel with reinforced edges, features a baffling system to maximize airflow for greater grass lift and a cleaner cut. The frame rides on a lower center of gravity for better traction.

CONTROL and COMFORT

The cushioned seat adjusts front to back and steering is tighter and smoother with our steering dampening system for better response and maneuverability. The adjustable, left or right side deck lift pedal allows you to easily dial in a deck height for a perfect cut time and time again. The large capacity fuel tanks also allow for lots of deep storage and a cup holder. Easy access to all pulley and drive belts with the flip-up floorboard–with rubber mat–is a first for its class.

THE MZ DIFFERENCE

The breakthrough price of under $3,000 changed the zero-turn industry for good when we first introduced the MZ. With a smaller deck size for even the smallest yards, smaller rear wheels and more economical engine options, it still cuts just like the Bad Boy mower it is.

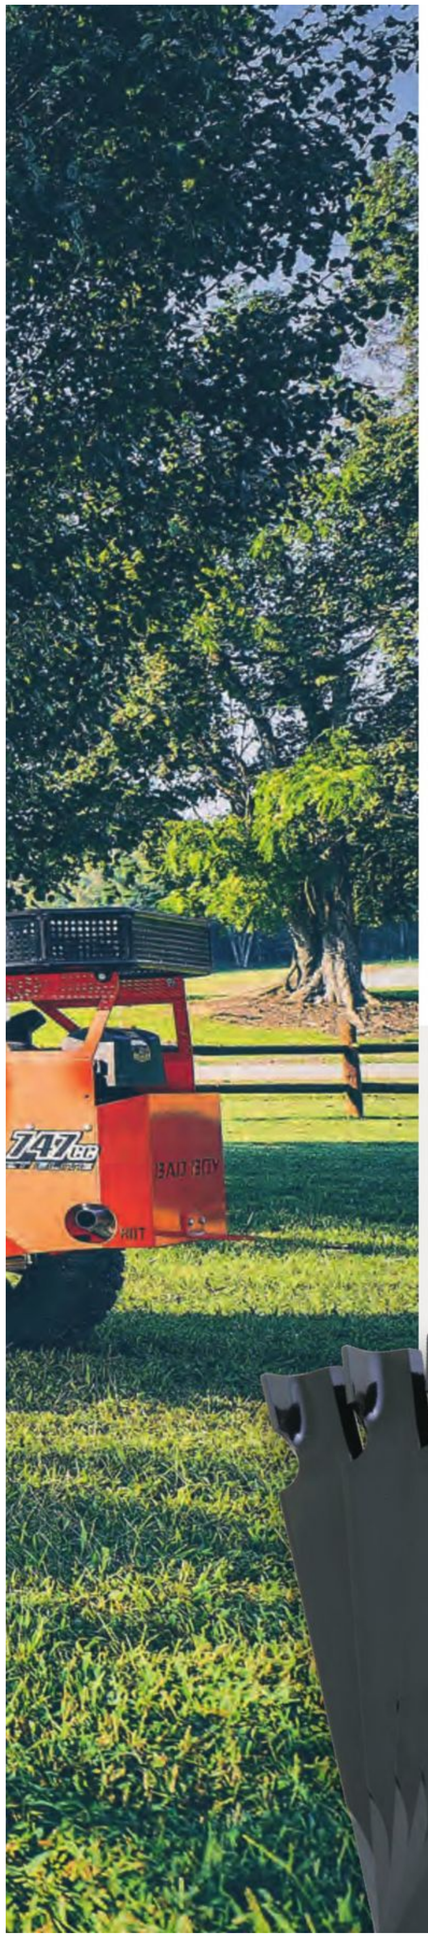
BAD BOY
MOWERS
MAVERICK



GET ALL GEARED UP TO GO AND MOW.

Bad Boy offers a full range of options and accessories for safety, functionality, performance, comfort, entertainment and just plain good looks. And when you roll these great extras in when you purchase your mower, they'll be included for a low monthly price in your financing. See your dealer for details because it's a great way to get an even badder Bad Boy!

FIRST, KEEP IT FACTORY FRESH

With Authentic Bad Boy Manufacturer's Replacement Parts and Fluids. These are the same belts, fluids and blades your Bad Boy Mower left our factory with, and they'll help keep your mower running and cutting like new season after season!

PUMP & DRIVE BELTS

Factory replacement reinforced Kevlar® belts last longer and stand up to the toughest conditions.

FUSION® BLADES

These stay-sharp blades feature ultra-hard Tungsten Carbide cutting edge. These blades stay sharp twice as long as ordinary mower blades!

ENGINE OIL

Factory replacement premium synthetic blend Engine Oil is specifically made for your Bad Boy Mower to ensure longer engine life.

HYDROSTATIC OIL

Factory replacement synthetic blend Hydrostatic oil is blended specifically to keep your Bad Boy Mower running cooler and at optimum performance.

ETHANOL GUARD

Fuel stabilizer keeps fuel cleaner longer and extends engine life. Pours directly into fuel tank and not only extends fuel storage life, but also prevents corrosion, gum formation and helps to remove water. Treats up to 80 gallons of fuel!

BAD BOY MOWERS

TANKS LED LIGHT KIT

Complete light kit for Outlaw Class mowers. Fully assembled on metal plates with everything you need for easy installation.

CUSTOM RIMS

Custom Rear Rims are machined from high-grade aluminum.

ROPS MOUNTED HARD TOP COVER

Now you have it made in your own shade. Tough polycarbonite construction mounts securely to ROPs equipped mowers.

SOFT TOP CANOPY FOR ZT & MZ

Shade is easy to attach and doesn't require our ROPs for installation.

MOWER COVER

One-size covers all, fits both ROPs and non-ROPs equipped Bad Boys.

ADVANCED CHUTE SYSTEM

With the Advanced Chute System's variable stage all-steel shield, you can effectively and accurately control the discharge from your zero-turn mower.

Closing the Advanced Chute System completely prevents discharge into flower beds, driveways and swimming pools. In high-density areas where flying debris can damage windows, vehicles or even people, keeping the advanced chute at a semi-closed position forces debris down immediately, preventing straight line discharge at speeds of over 200 mph! Built for commercial lawn and garden professionals and zero-turn mower homeowners alike, it's the perfect precision chute management system for the accuracy and maneuverability of your zero-turn mower. Plus, the Advanced Chute System also turns your mower into a powerful mulching machine, perfect for fall leaf cleanup!

REAPER® TURF TIRES

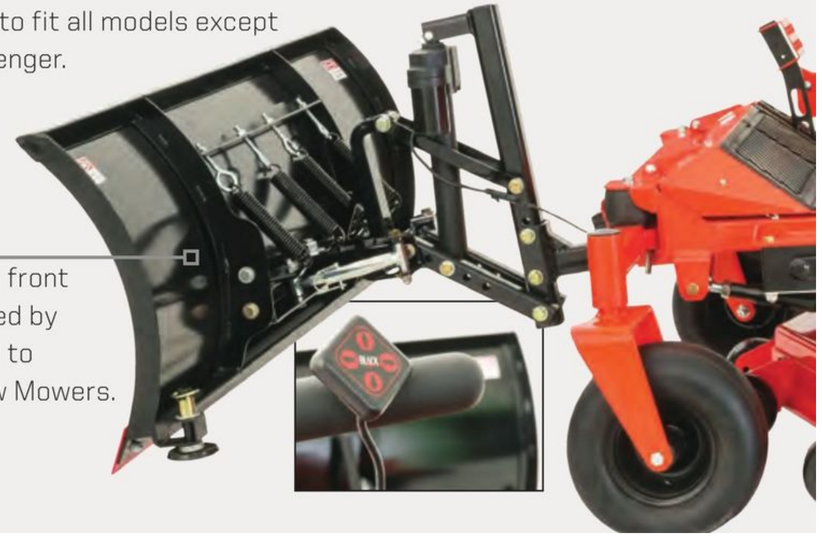
A Bad Boy Exclusive! Feature softer sidewalls for smoother ride and wrap-over grip edge for greater traction on uneven terrain. Excludes MZ.

NO FLAT FRONT TIRES

Solid form front tires continue to perform even if punctured. Sizes to fit all models except ZT Avenger.

SNOW PLOW

Powered plow attaches to front hitch holder and is operated by fingertip control attached to steering levers. For Outlaw Mowers.



ROPS MOUNTED SOUNDBAR

Wet Sounds® Bluetooth six-speaker soundbar with RF Wireless remote provides your favorite thump-pumping, get-it-done music.

ROPS LED LIGHT BAR

12000 Lumen, high-intensity, low amperage LED Light Bar is enclosed in durable cast aluminum housing with stainless steel mounting hardware, wiring harness and lighted rocker switch.

ROPS STRING TRIMMER MOUNT

Securely take your string trimmer anywhere you mow.

MICHELIN® TWEELS

Never worry about flat tires again with this revolutionary rear tire tread technology. Offered ONLY on Outlaw Mowers as a factory upgrade.

FRONT CASTER BRAKES

Exclusive and unique braking system quickly locks front casters for preventing fall-off on inclines and assuring straight runs for striping.

ASSIST HANDLE

Handy assist for mounting and dismounting mower. Attaches to front frame and fits all models.

MULCHING KIT

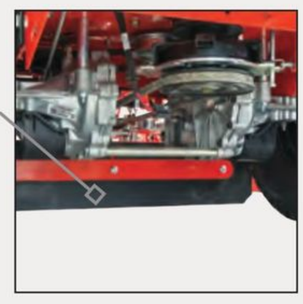
For the demanding non-bagging professional, closed channel bolts to the underside of the deck, blocking discharge. Wavy mulching blades are included with the kit.

REAR FRAME STRIPING KIT

Lay down baseball field precision stripes with our kits featuring heavy-duty, pliable rubber flaps. Versions for Outlaw and ZT Class mowers.

REAR DECK MOUNT STRIPING KIT

Mounts to back edge of the deck and adjusts with deck height for desired effect. Fits ZT, Maverick and Diesel Models.



BAD BOY MOWERS

ROPS MOUNTED HAZARD LIGHT

Warning light for high traffic and busy areas around parks, highways and commercial businesses.

REAR OUTLAW BASKET

Made specifically for our Outlaw Class, it's the perfect companion for traveling with extra gear, tools or yard grooming accessories.

MICHELIN® TWEELS

Never worry about flat tires again with these revolutionary rear tire tread technology. Offered ONLY on Outlaw Mowers as a factory upgrade.

PROTECTIVE SUNGLASSES

UV and wrap-around protection of our branded sunglasses provide safe, glare-free good looks.

MICHELIN® TWEELS FRONT TIRES

Revolutionary front tire tread technology now available in the front for Outlaw Mowers.

FIELDTRAX® TIRES

Get a grip on any and all terrain with the traction and footing our FieldTrax® tires provide. Not available for MZ line.

CHROME PLATED WHEEL COVERS

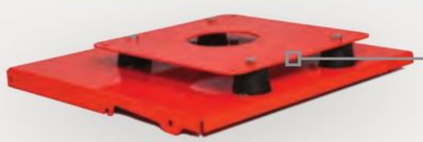
These front and rear rim covers will add shine to your Bad Boy. Not available for MZ line.

FRONT STORAGE CONTAINER MOUNT

Metal tray attaches to front receiver hitch on Outlaw mowers and includes cargo netting for keeping your items secure.

BAR-LUG TIRES

Tractor-style tread for traction on the toughest terrain. Perfect for grip-and-rip performance. Not available for ZT Avenger or MZ line.



SEAT ISOLATION KIT

Suspension plate attaches between seat and mower for reducing vibration and fatigue. Not available for MZ line.

WORK GLOVES

Soft leather, fit great and are tough as nails.

FRONT MOUNT SPRAYER

Mounts in front receiver hitch on Outlaw Class mowers, the versatile power sprayer is handy when seated or if you need to get to hard-to-reach areas off the mower.

OPTIONS & ACCESSORIES

ROPS LED LIGHT BAR
12000 Lumen, high-intensity, low amperage LED Light Bar is enclosed in durable cast aluminum housing with stainless steel mounting hardware, wiring harness and lighted rocker switch.

COMMERCIAL 2 AND 3 BAGGER SYSTEMS
Features a mower-assisted blower and heavier-duty metal sealed bearings to make easy work of grass and debris clippings. Easy to remove for quick disposal.

RESIDENTIAL 2 AND 3 BAGGER SYSTEMS
Uses a mower-assisted blower to bag up to 7.2 bushels of grass and debris clippings. Fits our ZT and MZ mower lineup.

ACCELERATOR GRASS CATCHER
Replaces the chute on your Bad Boy and is quick and easy to install, and even easier to unload your discharged clippings. Fits all but our 72″ decks.

SIDE BAGGER
Convenient and large 3.75 bushel capacity quick mount bagger is perfect for our most popular models, including the Stand-On Revolt.

FRONT WEIGHTS
For use with bagging systems. Included in commercial systems.

OUTLAW HITCH
Fits in receiver hitch and is removable with pin.

MOWABLES AND TOWABLES

SPREADER
Seed or fertilize with ease with our variable output spreader.

TRAILER SPRAYER
Pull behind, high-capacity powered sprayer with hand-held wand. Boom sold separately.

TOW HITCH
For Compact Outlaw, Maverick, ZT and MZ Mowers.

DE-THATCHER
Springed steel tines comb embedded clipping from turf. 40″ wide.

UTILITY TRAILER
Heavy-duty, 17 cubic ft. capacity all-steel trailer with tilt bed.

SWEEPER
Makes short work of collecting clippings or leaves. Easy to operate and dump. 42″ wide

PULL-BEHIND ROLLER
Fill with water for proper working weight. 36″ wide.

AERATOR
Blades punch holes in turf to promote better turf. 40″ wide.

BAD BOY MOWERS

STEERING ARM PADS
Provide additional support for arms, especially on models that do not have arm rests. Great for extended mowing days.

MOWER LIFT
For lifting MZ and ZT Class mowers for under deck maintenance and cleaning. Locking arm prevents mower from lowering accidentally. Not for Commercial Class mowers!

REAR ZT & MZ BASKET
Made specifically for our ZT and MZ series, it's the perfect companion for traveling with extra gear, tools or yard grooming accessories.

ASSIST HANDLE
Handy assist for mounting and dismounting mower. Attaches to frame and fits all models.

MULCHING BLADES
Replaces your standard cutting blades. Available for all size deck widths.

EXCLUSIVE RIMS
Our custom rear rims are machined from high-grade aluminum and compliments your Bad Boy's high performance with the looks to back it up.

FRONT MOUNT TOOL BOX RACK
High-impact, weather-sealed tool box mounts in front receiver hitch and provides convenient, easy-to-get-to storage of tools.

A BETTER BAD BOY FROM TOP TO BOTTOM

ROLL-OVER PROTECTION SYSTEM (ROPS)
Optional for ZT and MZ Class mowers, and recommended for mowing on sloping terrain. Hitch pins allow ROPs to fold over for compact storage and includes required seat belt option.

BUMPER GUARD
Available in 8″ and 14″ lengths, these rubber guards offer front impact protection for your ZT or MZ mower.

ADJUSTABLE HANDLES
Bolt on your steering levers for completely adjustable operator fit. Available for ZT and MZ mower models.

BUCKET AND TONGS
Attaches to front receiver hitch (or side receiver on Stand-On Revolt) for easy access to snap up trash without ever leaving your mower. Bucket also sold separately.

DUAL LED LIGHTS
8000 Lumen, high-intensity, low amperage LED lights in durable cast aluminum housing. With stainless steel mounting hardware and lighted rocker switch.

BELT TENSION GUIDE
Properly calibrated for measuring perfect belt operation. A must have tool for the do-it-yourself mower maintenance owners.

BUCKET
BAD BOY MOWERS

EVEN BADDER THINGS ARE HEADED YOUR WAY.

We don't take lightly to rolling out new products bearing the Bad Boy name—so when we unleash our new lineup of products, you can bet they'll pack more power, performance, tougher construction—and at a better value—than anything else they can be compared to.

So keep your eyes out for our new lineup rolling out in the near future.

Because Bad Boy is committed to growing bigger and stronger—in every way.

RESIDENTIAL ZERO-TURN MOWER

PAGES 46-49

BUILD A BETTER MOWER FOR A BETTER PRICE.

It started as simple as that, and it would be a great start—for most. But we also set out to make a mower 'cool,' and that meant doing things a little different. It meant slapping the brightest 'get-your-attention' orange paint on a tough-to-beat name—**Bad Boy Mowers**. It meant taking everything we knew about promotion, and throttling it up with the declaration to **Mow with an Attitude**. Along the way, it became much more than just our slogan. It's been our game plan and whole approach to standing out in the crowd—and on an established field—where everybody else played by the same tired old rules.

It's the reason we have a line of mowers called Outlaws. Because just like the machines we build, we're rule-breakers—and we're just getting started.

GRASS ROOTS BRANDING FOR A GRASS CUTTING BEAST.

We barely had our name when we showed up in 2002 with our first mower to the GIE Expo Trade show in Louisville. After winning Product of the Year and picking up our very first dealer, we were off to the races. Our goal was to draw crowds first, and then turn them into brand ambassadors and customers. Our events are all centered around family entertainment and are great opportunities to giveaway clothing, merchandise and even the chance to win a brand new mower. So even though we're pretty good at building mowers, some might say we're even better at building excitement.

We built more than a brand, we built a family. We're as proud of the dealer network we've built—and are continuing to build—as the mowers for their inventory. To get a foothold in the zero-turn business, many multi-line dealers gave us a pass, so we bypassed them by going where they weren't—the large acre homeowner with plenty of toys in their garages. It opened a whole new market for zero-turn mowers. At our annual Dealer Meetings, we take the time to thank them all for taking the ride with us. It's a time we celebrate the prior year's success and look to building our businesses together for the year ahead. And it's on the house, because for us, it's more than just business, it's home to a family.

BAD BOY MOWERS

WE PLAY TO A TALENTED AUDIENCE. DON'T JUST TAKE OUR WORD FOR IT, PICK ANY HERE.

We're especially proud of the partnerships that we've built over the years. From legendary singer-songwriters to professional athletes, they're more than owners and endorsers, they're even better friends of the Bad Boy Mower family. From Willie offering up a central casting role to our mowers for his latest music video to delivering machines to Zac Brown's 400 acre Camp Southern Ground for underprivileged kids and military veterans, we deliver for them. It's win-win marketing, especially when they show up with their legendary playlists and guitars at dealer meetings and events.

WE MAKE GOOD AND SURE YOU'LL SEE US AROUND.

Our name has gotten around. Whether it's at speeds of over 200 mph or headlining a college bowl game, we're big believers in getting your name out there in a big way. We've sponsored cars and drivers in racing since our earliest days. Our mowers keep SeaWorld and Busch Gardens parks beautiful, and us in front of hundreds of thousands of visitors there a year. We're sponsors of the Professional Bull Riders and bull fighters, with loyal fans and broadcast on cable national CBS stations. We also headline the premier pre-season NCAA basketball tournament shown on ESPN and an ESPN-owned college bowl game, drawing millions of viewers across the nation. It's all a significant part of our brand-building plan to build name recognition and drive sales home.

BAD BOY MOWERS
RENEGADE
CLASSIC. AMERICAN. MUSCLE
It'd be tough to separate the strength of our people from the strength of our mowers. Because as tough as our mowers are, they're no match for the people that design, build, bring to market and sell them as a part of the Bad Boy Mower family. We call it the strength from within. And it's why

THE BRAND BEHIND THE MOWER

We're especially social around here. So get a handle on all the features and benefits of our mowers before you get your hands on our steering handles online at **www.badboymowers.com**
